### RACE SCORING:

- Each boat MUST complete a minimum of 50% of the races sailed to qualify.
- The Low Point AVERAGE Scoring System, as recommended by US Sailing for Long Series, will apply.  
The series score for each boat will be the sum of her race scores divided by the number of races for which she is scored
- All boats that compete in a race shall receive their finish position. Any that retire or are disqualified will receive the score of one more than the number of boats competing in that race. Boats that do not compete in that race (DNC) will not be scored
